

Moez Muhammad Ahsan

Motivated young professional with a B.Sc. in Computer Science and hands on experience in software and AI-focused development at the CiS Forschungsinstitut für Mikrosensorik GmbH. Possess a solid foundation in developing RAG chatbots, APIs, and Python based data analysis, combined with theoretical and practical knowledge in DevOps and Cloud Computing.

Personal Information

Address: Prager Straße 1, 99091 Erfurt, Thuringia, Germany
Phone: +49 1590 6664219
Email: moeezahsanmma@gmail.com
Date of Birth: 23.09.2000
LinkedIn: www.linkedin.com/in/mo8z
GitHub: <https://github.com/MonoMarkor>

Professional Experience: Software & AI Development

04/2025 – 06/2026 **Development Engineer | CiS Forschungsinstitut für Mikrosensorik GmbH**

- Advanced and implemented a Retrieval-Augmented Generation (RAG) chatbot, successfully deploying it within the local corporate intranet.
- Introduced Open WebUI and external API language models (e.g., ChatGPT). Developed and implemented custom features including a cost tracker, token optimization, web search capabilities, and Word document export, while also conducting employee training sessions.
- Developed an internal Angular/.NET web application featuring an integrated task queue for the parallel processing and execution of tasks via AI-driven computer vision tools.
- Collaborated on the conceptualization and drafting of project proposals within the field of Artificial Intelligence.
- Developed and presented a technical lecture on Physics-Informed Neural Networks (PINNs) to team colleagues.

07/2024 – 03/2025 **Intern & Bachelor Thesis | CiS Forschungsinstitut für Mikrosensorik GmbH**

- Bachelor's Thesis: Developed and evaluated a local, RAG-based chatbot customized for the internal company wiki.
- Performed data analysis and evaluation utilizing custom Python scripts and Jupyter Notebooks.
- Automated COMSOL simulation software by integrating Mathematica through their respective Java APIs.

Personal Skills & Competencies

Frameworks:	ASP.NET Core, Angular
DevOps & Tools:	Git, Docker, MCP, CI/CD
Programming Languages:	C#, Python, TypeScript, SQL
Technical Focus Areas:	Generative AI, RAG Architectures, API Development, OOP
Databases:	Relational Databases (SQL), Neo4j, Vector Databases
Languages:	Urdu (Native), English (Bilingual), German (Fluent - C1)

Education

10/2020 – 06/2025 **B.Sc. in Computer Science, University of Applied Sciences Schmalkalden**
07/2016 – 06/2018 **Cambridge A-Levels (Highschool), Roots IVY School, Islamabad**
